

Are you looking for an opportunity to join a team where your contribution makes a positive impact on the lives and learning of future leaders in Science, Technology, Engineering and Math? STEM Innovation Academy is looking for exceptional professionals to join our team.

About Us

STEM Innovation Academy is a public charter school in Calgary that opened in September 2021. Our junior high school currently serves over 470 students in grades 7-9. In September 2022, our high school campus opened a NW location located in the University Innovation Quarter with 115 Grade 10's; we have since grown and project 700 students in 2024-25 with a full-grown capacity of 1000 students. With a mission to inspire the next generation to be knowledgeable creators, innovators, and responsible leaders, we believe every student can be successful in STEM and should have the opportunity to learn about cutting-edge science, math, and technology topics. Our staff and students thrive in a culture of excellence, innovation, and collaboration. We believe a deep understanding of critical thinking and communication skills found in the Social Studies program of studies are important for the future leaders we are developing.
